15.	How sericulture has changed my life (limited to 50 words)	Before taking up of sericulture, our family practice shifting cultivation and difficult to meet family needs only from jhum cultivation. After taking up of Seiculture, our family life becomes meaningful from the selling of cocoons without any marketing problem. Besides from selling of cocoon I could get another income of around Rs. 30000.00 every year from my intercrop with pineapple.

*Note: Plse. Provide passport size photograph of the beneficiary and 2-3 photos of his/her activity in sericulture (soft copies of high resolution in jpg format). Photoes emailed on 12.10.2018*
