

Section 1:

Vision, Mission, Objectives and Functions

THE VISION

-  **To become a sericulture institute of repute for sustainable development of sericulture industry in the region.**

THE MISSION

-  **Continuous R&D efforts and effective Transfer of Technology.**
-  **Popularizing of HYV of mulberry suitable for different agro-climatic region.**
-  **Popularizing region & season specific Bivoltine hybrids combating high humidity and temperature.**
-  **Popularization of improve package of practices.**
-  **To create greater opportunities for gainful employment.**

OBJECTIVES

- Conduct scientific, technical and economic research to enhance production, productivity and quality of Indian silk.
- Development of package of practices for Host Plant, Silkworm rearing, Post Cocoon Technology and its dissemination.
- Commercialization of products & Technologies and industry interface.
- Efforts to reduce input cost & drudgery and by-product utilization to increase net income and productivity.
- Enhance production of international grade silk for import substitution and earning foreign exchange.
- Human Resource Development.
- Maintenance of Breeders Stock.
- Disease & Pest Monitoring and Forecasting and Forewarning.
- Dissemination of knowledge, R & D innovations and package of practices through ICT tools.
- Undertake collaborative Research Programmes/ Projects with reputed National and International R&D institutions.
- Strengthening institutional framework to support ongoing research allied activities scientific and technical services.
- Inter institutional collaboration for better synergy.
- Studies on techno-economic feasibility of sericulture technologies.
- Providing technical and consultancy services.
